DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-9, 11-14, 16-17, and 19-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 1 and 12 each claim that a film roll is located at a leading end of the apparatus, a separation bar is at a trailing end of the apparatus, a direction from the leading edge toward the trailing edge is a forward direction, and a direction from the trailing edge toward the leading edge is a backward direction. These limitations are unclear because a direction from a leading edge toward a trailing edge should be a backward direction and a direction from a trailing edge toward a forward edge should be a forward direction. Claim 7, line 7 and claim 17, line 2 each claim "toward the trailing end." Claim 11, line 3 claims "directed backward to the leading end." All of the claims confuse the directions of forward and backward with regard to leading and trailing edges.

Allowable Subject Matter

3. Claims 1-9, 11-14, 16-17, and 19-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 1734

4. Claims 24-29 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on May 24, 2005. Applicant is requested to cancel the withdrawn claims when amending the rejected claims to bring the application into condition for allowance.

Response to Arguments

5. Applicant's arguments, see page 8 of the response, filed May 5, 2006, with respect to claims 1-9, 11-14, 16-17, and 19-22 have been fully considered and are persuasive. The 35 U.S.C 103 rejections of claims 1-9, 11-14, 16-17, and 19-22 has been withdrawn.
